INDIA K-12 Awards 2023

Excellence in Promoting Experiential Learning

Best School Award-2022
All India Drawing, Handwriting &
Essay Writing Competition

We understand that each child is unique and should be treated accordingly.

We believe in providing our students with **REAL LIFE EDUCATION**to master the skills to successfully fit into the modern world.

Welcome to Kindergarten!

CURRICULUM

The KG Curriculum is designed to pave way for

throw throw

through INQUIRY (questioning)

through PLAY (practical)

through ACTIVE EXPLORATION (hands-on learning)

through REAL-LIFE CONTEXTS (relevance)

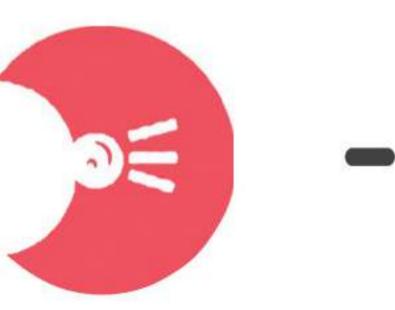

LANGUAGE

CAMBRIDGE

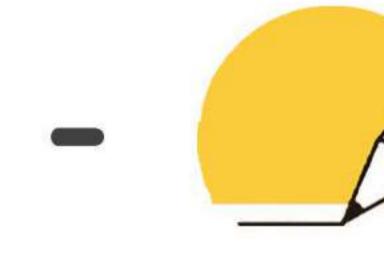

ARTS

ARTS is a means to communicate ideas and language is the handle to communicate. The LANGUAGE ARTS approach helps to develop key skills like,

Listening

Speaking Reading

Writing

Visual Representation

COMMUNICATIVE ENGLISH

We know that English is no more a luxury but a necessity. Learning English at a very early age makes the child more likely to become fluent as an adult.

HINDI COACHING

Being bilingual makes a child smarter.

Learning a second language at an early age improves their memory, problem-solving and critical-thinking skills, enhances concentration, the ability to multitask and provides better listening skills.

COGNITIVE DEVELOPMENT

Cognitive development means the growth of a child's ability to think and reason. We incorporate literacy, numeracy and self awareness skills to help strengthen their understanding.

PHONICS

Allows the learning of individual letters, their sounds as well as the basic letter combination in the english language.

SOCIAL & EMOTIONAL DEVELOPMENT

Our curriculum is designed in such a way that it enhances the child's capacity to experience, regulate and express a range of emotions. Develop close, satisfying relationships with other children and adults. And to actively explore their environment and learn.

HEALTH & PHYSICAL DEVELOPMENT

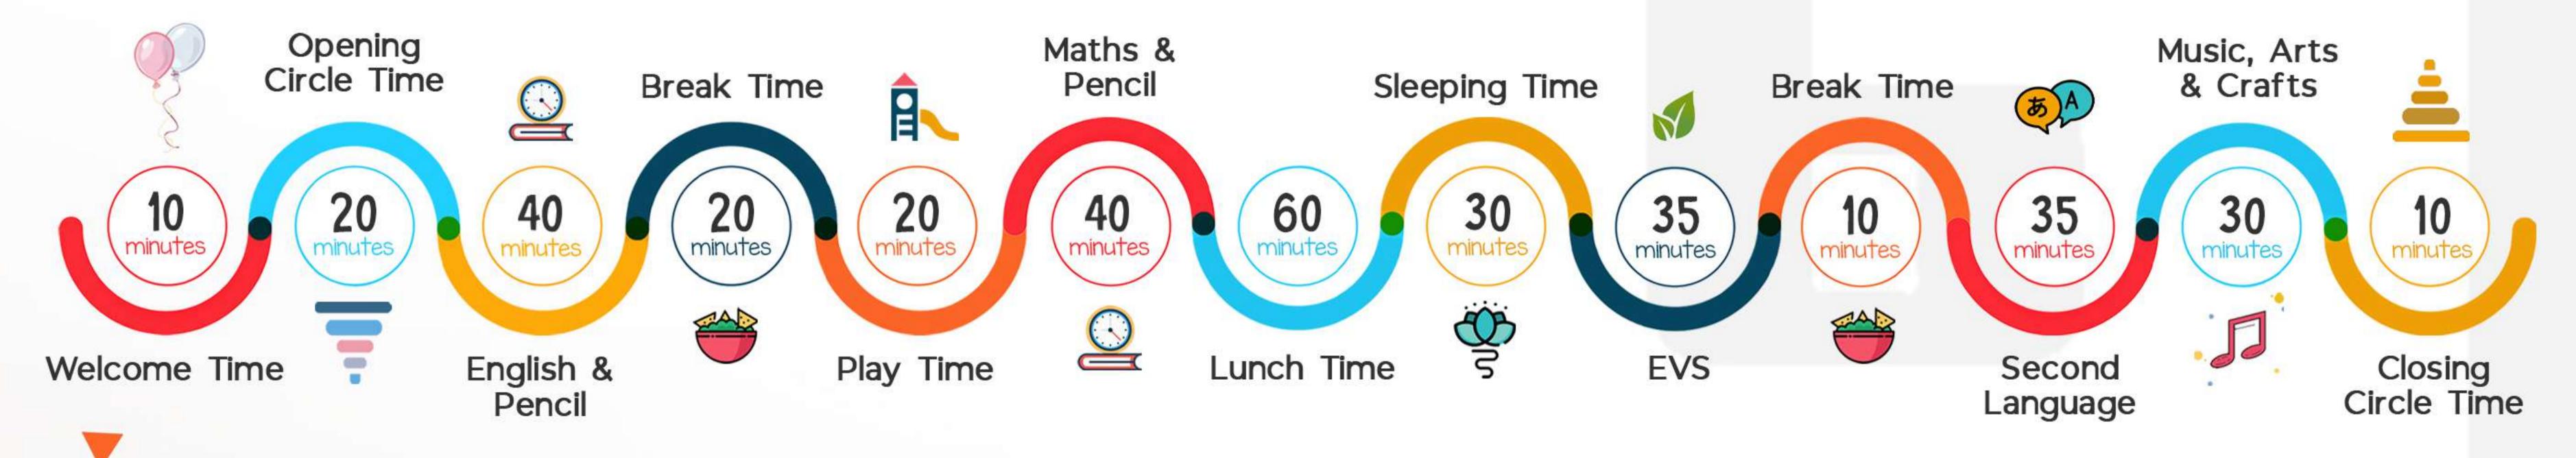

Health is the real wealth. We must foster healthy habits for our minds just as we do for our bodies. Creating healthy habits and awareness about bodily autonomy at a young age empowers kids to continue to be resilient in all that life brings.

CREATIVE AND AESTHETIC APPRECIATION

Arts and crafts teach us to speak and write through the expression of our hands and minds.

OUR KINDERGARTEN EXPERIENCE

KINDERGARTEN

These trips give kids the chance to connect with their teachers and friends in various settings, promoting social bonding and emotional development. It also helps in allowing them to learn, absorb and experience things practically.

ROLE PLAY

It's a good way for children to get into character, act out real-life or imaginary performances, understand different perspectives, and have a lot of fun.

PUPPET SHOW

Puppets offer children an opportunity for role-playing that allows them to explore new personalities, and ideas and develop their imagination. It is a fun and engaging way for children to learn about various themes.

MUSIC CONCERT

Live music is always fun. It is a mood lifter. Music improves creativity, memory, alertness, and clarity. It helps the body and the mind work together and it also helps kids to focus.

INDOOR/OUTDOOR PLAY AREA

We offer a state of the art indoor and outdoor play area for our children to explore, play games, test their physical limits and exp

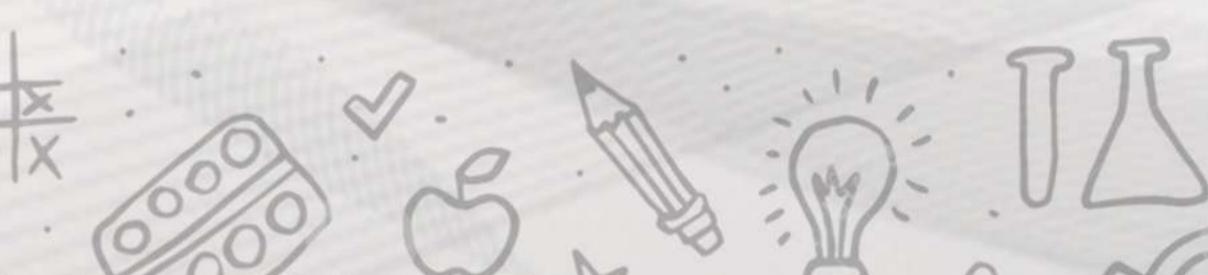

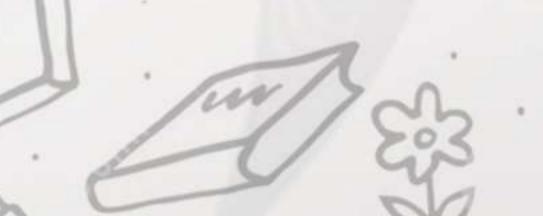

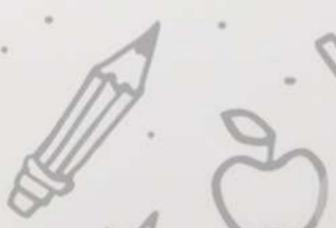

OUR KINDERGARTEN EXPERIENCE

AGILITY DRILLS

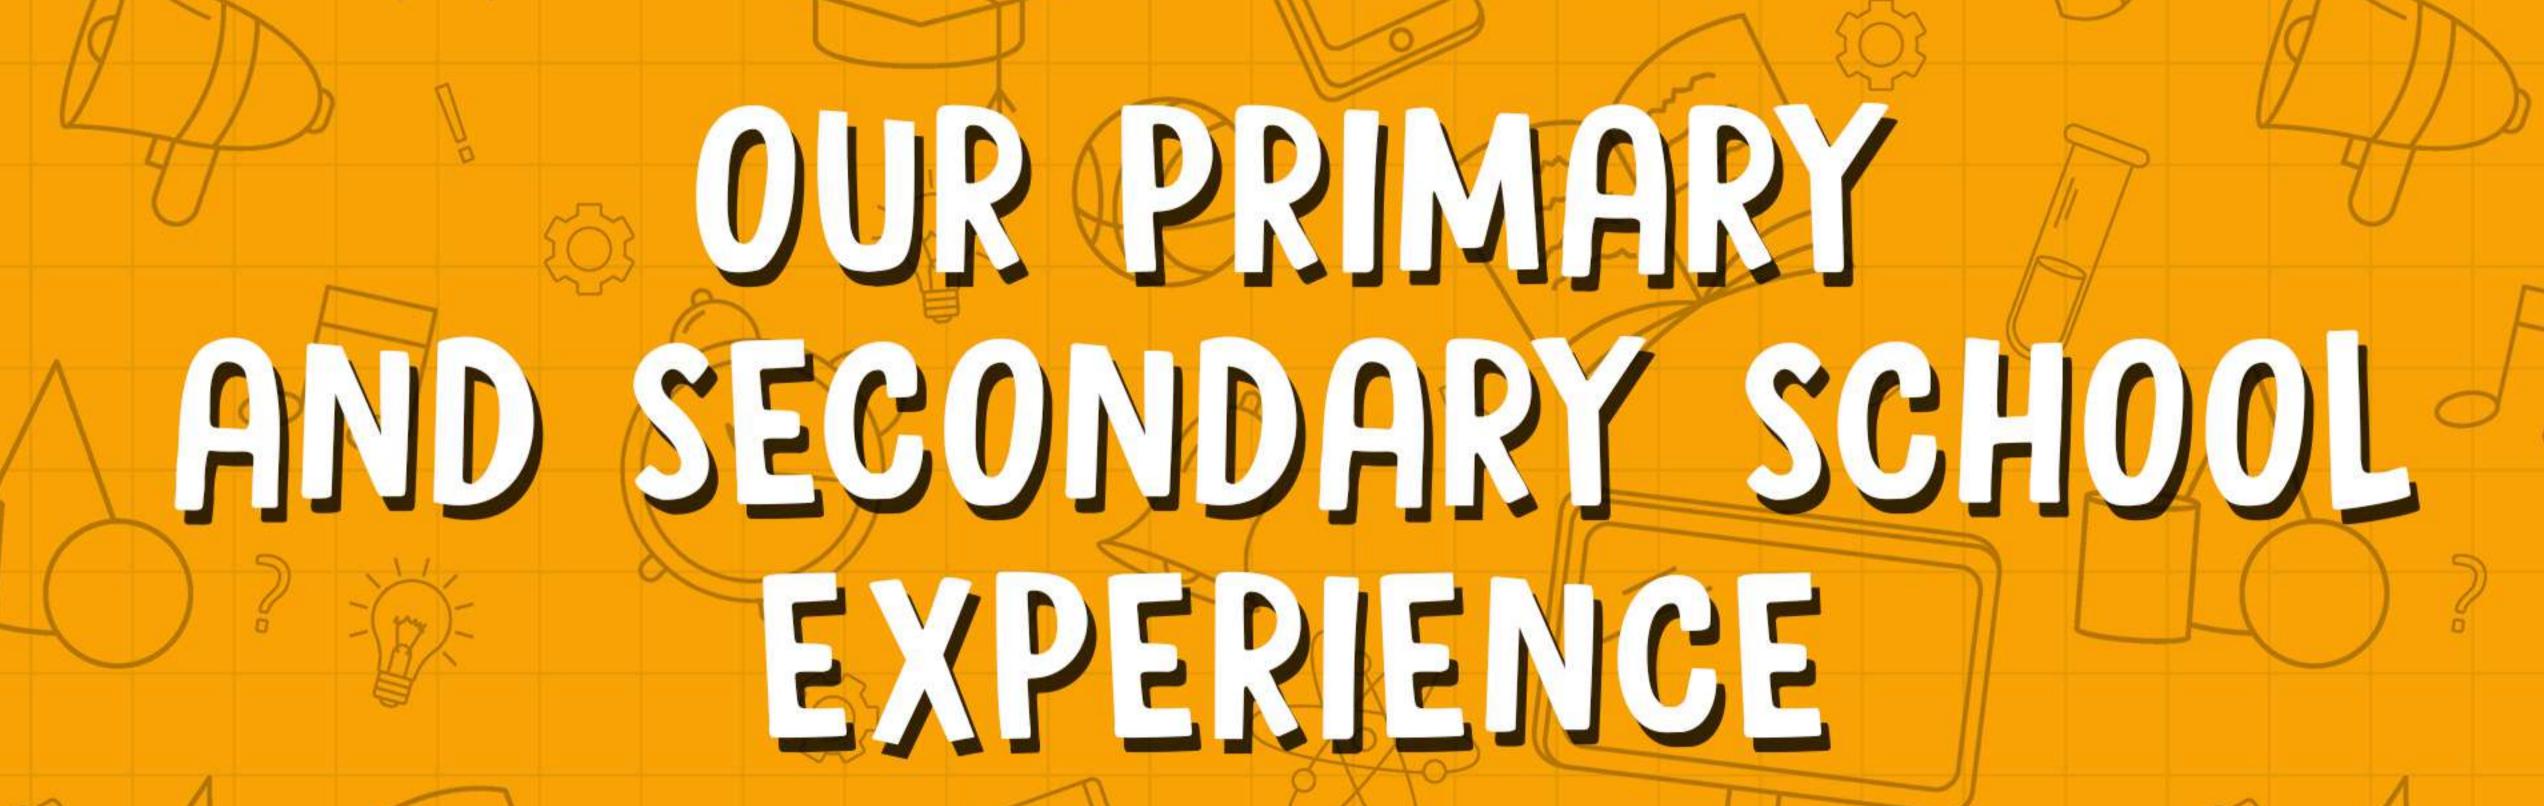

Puppets offer children an opportunity for role-playing that allows them to explore new personalities, and ideas and develop their imagination. It is a fun and engaging way for children to learn about various themes.

It is never a dull day at our AGS kindergarten campus. We have a wide array of activities and events planned to keep you up and about, all year round.

KNOWLEDGE IS FUN WHEN THERE IS A HANDS-ON, ON ALL THE CONCEPTS TAUGHT

GRADE I-VIII

GRADE IX-X

NICERT

THE '7E's

Our curriculum brings a proven **SEVEN-Step**Learning Method inside the classroom, which replaces the one-step 'telling and memorization'.

REAM BIGGER EVERYDAY"

TELL ME & I may forget
SHOW ME & I may remember
INVOLVE ME & I will understand

TEACHERS

We recruit the best talents from each field of study and experts with in depth knowledge of the subject and curriculum.

Creative thinkers who encourage beyond the classroom learning.

PRACTICAL LEARNING

DIGITAL

EXPERIENTIAL

Digital and Experiential Learning combined together to make the foundation stronger.

SPECIAL FEATURES

We follow a holistic approach to education, with expert tutelage, creative freedom and inspiring innovations which are the keys to moulding our students from core to advanced knowledge.

LIBRARY

Everything you need for a better future and success has already been written.

TODAY A READER, TOMORROW A LEADER

Dedicated library hours kindles our curiosity and opens our mind to a new set of ideas.

SEMINARS

Seminars are organized for students, to gain enough courage to present themselves in front of an audience.

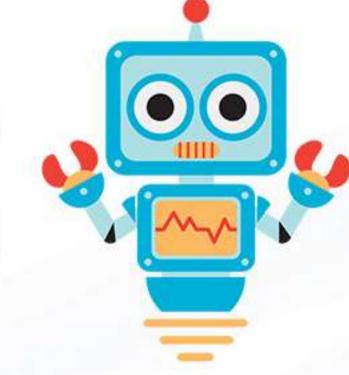

COMMUNICATIVE

At AGS, English is not learnt as a subject, but as a language.

Communicative English boosts up the students' confidence and nurtures them to carry themselves with finesse.

ROBOTICS

Provides skill sets useful for future employment opportunities.. Students also learn about science, engineering and maths and get an understanding of how these subjects link together.

Smart Glassroom

Enhances teaching and learning like Never before.

Class Strength

Max of **30** students in a class room. in a class room.

Hindi Goaching

Hindi Coaching from Class UKG to 8th

Handwriting

To improve the precision & beauty of handwriting

Activity Room

To develop fine motor skills for better coordination.

LIFE | GENERAL SKILLS | KNOWLEDGE

We offer a uniquely curated one of a kind curriculum for our students to enhance their emotional intelligence, upgrade their life skills and to help them make healthy life choices.

THE MATHEAB

To Experiment and explore the patterns & ideas of mathematics It is a place where one can acquire knowledge as well as have fun

FINANCIAL LITERACY

Just think about it. How old were you when you learnt to manage your own finances responsibly? 20? 30? Older than that?

Now imagine a 6year old and a 10year old who understand the importance of living within their means, avoiding unnecessary expenses, and staying out of debt. Kids who understand the basics of money, savings, goods, credit scores and loan repayment so that they are

services, budgets, interest rates, credit scores, and loan repayment so that they are better equipped to make informed financial decisions in the future.

"THAT'S THE AIM OF FINANCIAL LITERACY"

Borrow, Trade or Gift

Earning

money

Short & Long Term Goals

Budget

Planning

Risk Management

Choice & Consequences

Needs & Wants

Decision Making

Savings

Emergency & Non-Emergency Cost

Financial literacy hels children understand money, savings, goods, service, producers consumers, purchase decisions, and much more so that they can become financially responsible adults in the future.

RFID & GPS TRANSPORT

You can now track your kid's location and live status such as boarding/de-boarding the school transport.

CCTV SURVEILLANCE

The campus is completely under cctv surveillance. We monitor and ensure that the campus is always safe & secure.

PARENT APP

We have developed a parent App for parents to monitor their child's academic performance, location & other financial updates.

Improves vocabulary and literacy skills and helps to learn new words

Improves reasoning ability & aptitude. Builds confidence and understanding of concepts

CLUB ACTIVITIES

The clubs available at AGS allow the students to share their opinions and ideas with students from different grades. By engaging in club activities, their inter-personal skills will be enhanced

AGS CAMPUS & INFRASTRUCTURE

School infrastructure plays a pivotal role in shaping the educational experience of students. It encompasses the physical facilities, buildings, and equipment that facilitate the teaching and learning process. A well-designed and adequately maintained school infrastructure is essential for creating a conducive learning experience.

A Scerene campus with organized smart classrooms, well equipped Math, Science, Computer Lab and Library. We have a spacious indoor auditorium & a stunning badminton court. The campus also has a Basketball, Volleyball court and also a huge Football turf, Tennis pitch and Skating rink for students to enhance their skills in sports.

It's not whether you get knocked down, it's whether you get up
